

About Me

I'm Ei Myat Noe Thu, a talented junior web developer who is 21 years old. I also have experience history going back more than a year.

I am a citizen of Hpa-an, Kayin State, Myanmar. My highest-level university experience occurred in my second year at the University of Computer Studies. I'm currently pursuing an Associate's degree at the University of the People.

I'm passionate about using the variety of my experiences to solve complex issues and design engaging experiences. I improved my web development abilities.
